Item 35  To Transportation - Safe Sidewalk Construction

The Legislature intends that the funds appropriated from the Transportation Fund for pedestrian safety projects be used specifically to correct pedestrian hazards on State highways. The Legislature also intends that local authorities be encouraged to participate in the construction of pedestrian safety devices. The appropriated funds are to be used according to the criteria set forth in Section 72-8-104, Utah code Annotated, 1953. The funds appropriated for sidewalk construction shall not lapse. If local governments cannot use their allocation of Sidewalk Safety Funds in two years, these funds will be available for other governmental entities which are prepared to use the resources. It is the intent of the Legislature that local participation in the Sidewalk Construction Program is on a 75% state and 25% local match basis.

Item 36  To Transportation - Mineral Lease

It is the intent of the Legislature that the funds appropriated from the Federal Mineral Lease Account shall be used for improvement or reconstruction of highways that have been heavily impacted by energy development. It is the intent of the Legislature that if private industries engaged in developing the State's natural resources are willing to participate in the cost of the construction of highways leading to their facilities, that local governments consider that highway as a higher priority as they prioritize the use of Mineral Lease Funds received through 59-21-1(4)(c)(i). The funds appropriated for improvement or reconstruction of energy impacted highways are non-lapsing.

   Each additional inspection required (beyond the two covered by the fees listed above) or each additional inspection requested by the facility shall cost $559.00 plus mileage reimbursement at the approved state rate, for travel to and from the site by a Department representative.
Remodels of Licensed Facilities
Hospitals, Freestanding Surgery Facilities (per square foot) .29
All others excluding Home Health Agencies (per square foot) .25
Each additional required on-site inspection 559.00
Other Plan-Review Fee Policies Variable
   If an existing facility has obtained an exemption from the requirement to submit preliminary and working drawings, or other info regarding compliance with applicable construction rules, the Department may conduct a detailed on-site inspection in lieu of the plan review. The fee for this will be $559.00 per inspection, plus mileage reimbursement at the approved state rate. A facility that uses plans and specifications previously reviewed and approved by the Department will be charged 60 percent of the scheduled plan review fee. Fifty-two cents per square foot will be charged for review of facility additions or remodels that house special equipment such as CAT (Computer Assisted Tomography) scanner or linear accelerator. If a project is terminated or delayed during the plan review process, a fee based on services rendered will be retained as follows: Preliminary drawing review-25% of the total fee. Working drawings and specifications review-80% of the total fee. If the project is delayed beyond 12 months from the date of the State's last review the applicant must re-submit plans and pay a new plan review fee in order to renew the review action.

Leases and Easements - Resulting in Long-Term Uses of Habitat

Variable
Fees shall be determined on a case-by-case basis by the division, using the estimated fair market value of the property, or other legislatively established fees, whichever is greater, plus the cost of administering the lease, right-of-way, or easement. Fair market value shall be determined by customary market valuation practices.

Special Use Permits for non-depleting land uses of < 1 year
Variable
A nonrefundable application of $50 shall be assessed for any commercial use. Fees for approved special uses will be based on the fair market value of the use, determined by customary practices which may include: an assessment of comparable values for similar properties, comparable fees for similar land uses, or fee schedules. If more than one fee determination applies, the highest fee will be selected.

The lab performs a variety of tests for other government agencies. The charges for these tests is
determined according to the number of tests, and based on cost to the Laboratory and therefore may be
different than the fee schedule. Because of changing needs, the Laboratory may receive requests for test
that are impossible to anticipate and list fully in a standard fee schedule. Charges for these tests are
authorized and are to be based on costs.

1 hour minimum. Mixtures will be charged based on the sum for each individual kind in excess of 5 percent. Samples which require excessive time, screenings, low grade, dirty, or unusually difficult sample will be charged at the hourly rate. Hourly charges may be made on seed treated with Highly Toxic Substances if special handling is necessary for the Analysts safety. Discount germination is a non-priority service intended for carry-over seed which is ideal for checking inventories from May through August. The discount service is available during the rest of the year, but delays in testing may result due to high test volume of priority samples. Ten or more samples receive a fifty percent discount off normal germination fees.
